**AMERICAN RECOVERY AND REINVESTMENT ACT (ARRA)
CONTRACT REQUIREMENTS****A. Recovery Act Reporting Requirements; Section 1512(c) of the Recovery Act**

Contractor acknowledges and agrees that the American Recovery and Reinvestment Act of 2009, hereinafter "Recovery Act" places great emphasis on accountability and transparency in the use of taxpayer dollars. Among other things, it creates a new Recovery Accountability and Transparency Board and a new website--Recovery.gov--to provide information to the public, including access to detailed information on grants and contracts made with Recovery Act funds.

DNR, as a recipient of Recovery Act funds, must comply with the Recovery Act's extensive reporting requirements, including quarterly financial and programmatic reporting due within 10 calendar days after the end of each calendar quarter. DNR will require periodic reports from its sub-recipients in order to fulfill its reporting obligations. Contractors receiving Recovery Act funds may expect that a standard form(s) and/or reporting mechanism will be made available at a future date.

Contractor agrees to provide to DNR all reports, documentation, or other information, as may be required by DNR to meet reporting obligations under the Recovery Act. Contractors receipt of funds is contingent on Contractor meeting the reporting requirements of Section 1512.

Additional instructions and guidance regarding the required reporting will be provided as they become available. For planning purposes, however, Contractors receiving Recovery Act funds should be aware that Recovery Act section 1512(c) provides:

Recipient Reports

Not later than 10 days after the end of each calendar quarter, each recipient that received recovery funds from a Federal agency shall submit a report to that agency that contains:

1. The total amount of recovery funds received from that agency;
2. The amount of recovery funds received that were expended or obligated to projects or activities; and
3. A detailed list of all projects or activities for which recovery funds were expended or obligated, including:
 - (a) The name of the project or activity;
 - (b) A description of the project or activity;

- (c) An evaluation of the number of jobs created and the number of jobs retained by the project or activity; and
 - (d) An estimate of the number of jobs created and the number of jobs retained by the project or activity; and
 - (e) For infrastructure investments made by State and local governments, the purpose, total cost, and rationale of the agency for funding the infrastructure investment with funds made available under the Recovery Act, and name of the person to contact at the agency if there are concerns with the infrastructure investment.
1. Detailed information on any subcontracts or subgrants awarded by the recipient to include the data elements required to comply with the Federal Funding Accountability and Transparency Act of 2006 (Public Law 109-282), allowing aggregate reporting on awards below \$25,000 or to individuals, as prescribed by the Director of the Office of Management and Budget.

B. Registration with Central Contractor Registration (CCR)

Recipients of funds under the Recovery Act shall register with the Central Contractor Registration (CCR) database at www.ccr.gov. This ensures consistent reporting of data about each entity and thereby makes data more useful to the public. In order to register in CCR, a valid Data Universal Numbering System (DUNS) DUNS Number is required and should be included on the cover page or other designated place in this agreement.

C. Wage Rate Requirements under Section 1606 of the American Recovery and Reinvestment Act of 2009 – Davis-Bacon Act

All laborers and mechanics employed by Contractor and subcontractors on projects funded directly by or assisted in whole or in part by and through the Federal Government pursuant to the Recovery Act, shall be paid wages at rates not less than those prevailing on projects of a character similar in the locality as determined by the Secretary of Labor in accordance with subchapter IV of chapter 31 of title 40, United States Code (Davis-Bacon Act). With respect to the labor standards specified in this section, the Secretary of Labor shall have the authority and functions set forth in Reorganization Plan numbered 14 of 1950 (64 Stat. 1267, 5 U.S.C. App.) and section 3145 of title 40 United States Code. See U.S. Department of labor, Wage and Hour Division website at <http://www.dol.gov/esa/whd/contracts/dbra.htm>. Wage determinations can be found at <http://www.wdol.gov>.

The Contractor shall include this provision and require this provision to be contained in all subcontracts for work performed under this agreement.

The work performed by this agreement may also be subject to the State's prevailing wage laws, Chapter 39.12 RCW.

D. Protection of Whistleblowers

Prohibition on Reprisals: An employee of any non-Federal employer receiving covered funds under the Recovery Act may not be discharged, demoted, or otherwise discriminated against as a reprisal for disclosing, including a disclosure made in the ordinary course of an employee's duties, to the Accountability and Transparency Board, an inspector general, the Comptroller
